

The Salutation Hotel

Our Green Policy

At The Salutation Hotel we are committed to doing as much as we can to help protect our environment. We are currently working hard to maintain our award under the Green Tourism Business Scheme.

This scheme provides accreditation and encouragement for tourism businesses to reduce the impact of their daily activities on the environment. By encouraging sustainable practices and recycling it ensures the continued enjoyment of the Scottish environment for future generation.

We have a Green Team in the Hotel managed by General Manager – Gordon Paterson. The Green Team is dedicated to working on Green issues & implementing environmental polices to ensure that we are as “green” as possible.

Here are some of the areas we are working on & improving upon:

- *Using local suppliers and organic produce throughout the hotel.*
- *Promoting local businesses & providing details of local walks.*
- *Recycling as much as possible – paper, cardboard, plastics & glass.*
- *Reducing paper usage via emails & Electronic messages.*
 - *Changing to energy saving bulbs where possible.*

As a guest at The Salutation Hotel, we hope you will help us, for example by turning off the lights once you leave your bedroom.

Gordon Paterson
